REPORT ON THE 2015-2016 STUDENTS
WHO TRANSFER TO 4- YEARS INSTITUTIONS
WITH TREND DATA SINCE 2010

ANNUAL REPORT (Transfer Out)

Transfer out Data: Fall 2010 through Spring 2016

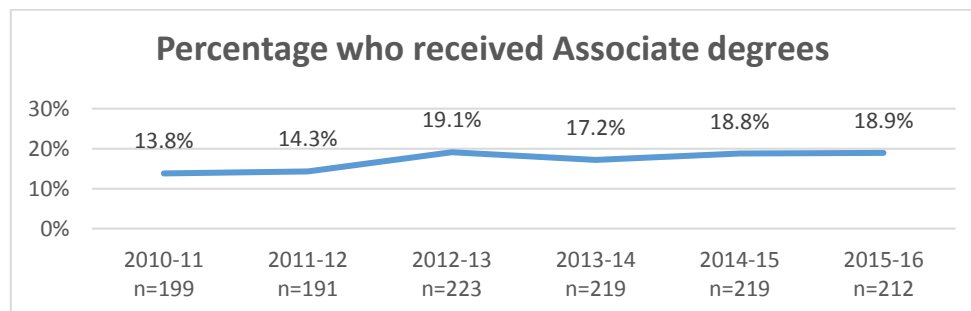

Introduction: This report pertains to Housatonic Community College students' patterns of transfer. Each year the system office provides data to the community colleges as to where the students subsequently enroll. This report outlines the institutions that the Housatonic students, who were enrolled at HCC between Summer 2015 and Spring 2016, enrolled in a 4-year institution. In addition, the report also provides historical data since Fall 2010 on the transfer-out patterns of our students.

Associate Degree Status

Within the group of students between Summer 2015 and Fall 2016, one-thousand-one-hundred-twenty-one students (n=1,121) from Housatonic Community college transferred to a 4-year institution.

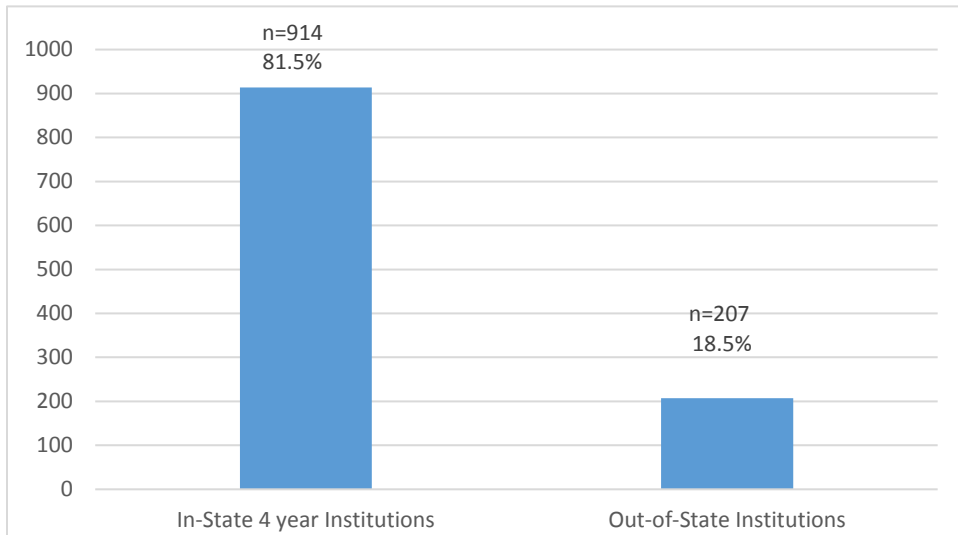

- 19% of these students (n=212) received their associate degrees before transferring.

The chart below outlines the historical data since 2010 of students receiving their Associate degree before transferring to a 4-year institution.

Methods

The data used for this report was extracted from Argos on June 21, 2017. The Argos extract obtained was a transfer of data from the National Clearinghouse. This data relies on the institutional membership to the National Clearinghouse.

At present, the National Student Clearinghouse reports that 100% of public institutions in Connecticut are members and 98% of the nation's postsecondary students regularly report enrollment data in over 3,300 U.S. institutions.
