

EARTH DAY

A Day of Action: Growing Gardens and Building Birdhouses

HCC 2021

- When people think of pollination they almost always think of bees but the truth is a lot of animals pollinate, even ants!
- There are over 12,000 species of ants and they can be found all over the world except for a few places
- Ants pollinate when they eat, pollen grains attach to their bodies and go into the soil

04.21.2021 - 04.22.2021
From 11am - 3pm.
Taking place in the courtyard
at HCC.
